Dear 11<sup>th</sup> Grade Families:

We are excited to offer the PSATNMSQT at The Academy Charter High School on Wednesday, October 12, 2022. All 11th grade students are registered for the exam and will have the opportunity to test during school hours. Offering the test during school hours allows students to participate without changing their routines or missing commitments such as work or extracurricular activities.

The PSATNMSQT is great preparation for taking the SAT at the end of the student's junior year of high school, which is required by many colleges to gain admissions to their institution. In addition, the PSATNMSQT offers students access to scholarships and college information. Just remind your child to check "Yes" to the Student Search Service question on their answer sheet on test day, so that scholarship providers and colleges can send them information.
